

OCTOPUS

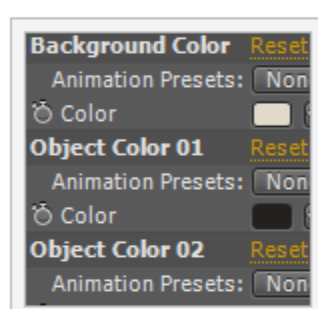

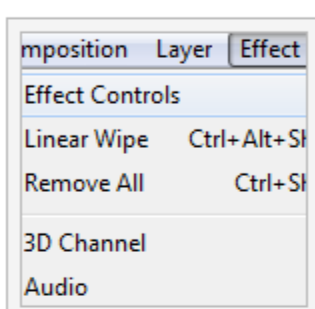

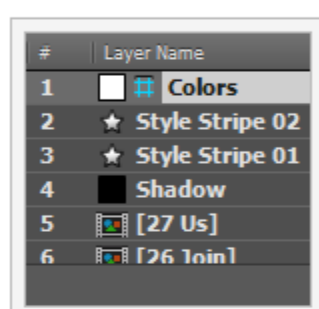

KINETIC PROMOTION

Open “1280x720” composition.

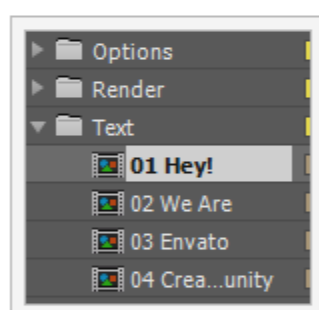

COLOR

Go to “Colors” layer. Then find in upper menu “Effect” button and choose “Effect Controls”. Now you can change colors, by clicking at painted squares.

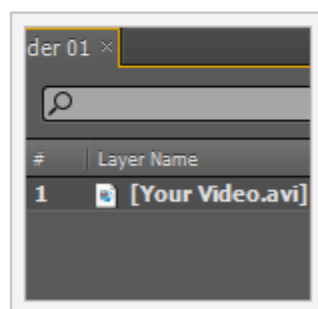

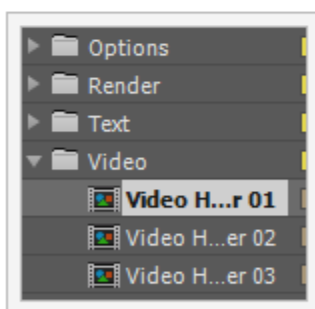

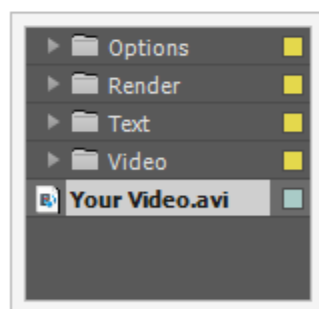

TEXT

Open any text layer. Heh, done! Now you free to edit it in any direction, but don't forget, that text should be in the same position.

VIDEO

Insert your video, then double click at “Video Holder” layer and drag video inside.

LOGO

Insert your picture, then open “Logo” composition and drag logo inside.
